

ENVIRONMENTAL POLICY

CAM Refrigeration & Air Conditioning Ltd recognises its environmental responsibilities and its obligations to contribute to the resolution of global and local environmental issues, by reducing its environmental impacts and by taking a leading role in promoting environmental good practice.

Therefore CAM Refrigeration & Air Conditioning Ltd will:

- Continue to comply with all relevant legislation and codes of practice.
- Continually seek to improve its environmental performance.
- Quantify and reduce its environmental impacts, bearing in mind the whole life cycles of energy and material supplies.
- Integrate environmental concerns into all planning and design decisions, maintenance and management including sustainable development principles where possible.
- Minimise the environmental impact of new installations during their construction and use. Also to comply with our clients specific codes of practice and procedures.
- Improve staff environmental awareness and understanding.
- Encourage all to apply in the wider community the environmental values that they develop in their work.

These commitments will be demonstrated through the introduction of suitable policies, practices, and programmes. Their effectiveness will be monitored by evaluating CAM Refrigeration & Air Conditioning Ltd environmental performance, thereby encouraging efforts to comply with the Environmental Policy.

This policy statement will be reviewed annually.
